## Section B: Education and qualifications

### **Note 9** Details of Education

List all degrees and diplomas and any other qualifications obtained since leaving school, including professional qualifications. Give the full names of all institutions (and the town in which each is located) that you have attended. For qualifications taken outside of the UK give the exact title of the award - do not try to convert it to the UK system. HND is not normally sufficient alone for postgraduate admission and in most cases a second class honour degree is expected (or equivalent, typically CGPA 2.5 out of 4).

You must include details of all courses started, whether or not the course was completed/passed. You must include any courses in which you were not successful so that the University has a full record of your academic history. If awarded a lower level award having not been successful (PG Cert gained rather than Masters) this must be declared.

If you are a final-year student on a degree programme, give your expected final, overall result.

For postgraduate degrees taken, indicate the method of assessment; ie, by thesis, by written examination, or by dissertation and written examination.

Proof of completed qualifications must be submitted. You should arrange for a transcript of your academic record or other official statement of courses taken, showing grades achieved, together with confirmation of the qualification awarded and the **overall** grade/mark obtained, to be sent to the Admissions Service. Also include an explanation of the grading system used.

Only officially **certified** copies (stamped by the awarding institute or by one of the University's appointed in-country representatives) are acceptable ([www.hull.ac.uk/admissions/](http://www.hull.ac.uk/admissions/) and view guidance under policies). Provisional certification is not acceptable.

If you require certificates/transcripts to be returned please state clearly in a covering letter. A full academic transcript showing the overall award received and overall mark accepted in lieu of the certificate.

If the documents are not in the same name as you are using to apply for admission you must include official proof of the name change. (eg marriage certificate).

### **Note 10** Evidence of Proficiency in English

Please check the University website for the current list of accepted evidence of English language proficiency.

Applicants who have not achieved the level required for admission may be given a conditional acceptance, subject to achieving a prescribed standard before registration with the University. The Department of Modern Languages offers preparatory English language courses.

## Section C: Research experience and employment

### **Note 11** References

Two reference forms are attached. You should complete those and send them to two people who have agreed to write a reference for you. You should ensure that your application form reaches the University before the forms are returned by the referees. Sealed references may be returned with this application form if you wish. References may alternatively be sent on business headed paper. All references must be less than 3 months old, written and signed by the referee and carry an official business stamp. MBA applicants are asked to give one academic and one professional reference. Character/personal references are **not** accepted. Emailed references are **not** accepted. One referee should be a tutor from your most recent studies.

In the box on the application form enter the name and full postal address of the two referees. The University may contact your referees to clarify details of your application and in order to confirm authenticity of references. If further information is required the University may ask you to arrange for further references to be provided.

## Section D: Further details

### **Note 12** Source of Finance

Please do not apply unless you are confident in getting the money to cover tuition fees, other course expenses and living costs. Please indicate who you expect to pay your tuition fees. All offers are subject to the applicant having funding for their studies.

'*Self-financing*' means you will be financed from your own or other private resources and will pay your tuition fees when you register.

'*Sponsor*' means that you know that a government, public body or industrial company will be responsible for the direct payment of your tuition fees. Please give the name and address of that body. At least 6 weeks before registration you will be required to provide written confirmation from your sponsor that they will pay your tuition fees for that session. You will not be permitted to register without advance written confirmation of your sponsorship or payment of fees.

If you have any queries about funding or payment of fees, please contact the Tuition Fees Section of the Student Financial Services Office, telephone +44 1482 465674.

## Please do not return this sheet to the University

### **Note 14** The Criminal Convictions Declaration and Risk Assessment Process

The University has a risk assessment process designed to reduce the risk of harm or injury to members of the University population caused by the criminal behaviour of any student. We therefore need to know about any relevant criminal convictions that an applicant has. Tick 'yes' only if you have a relevant criminal conviction as explained below.

Relevant criminal convictions are only those convictions for offences against the person, whether of a violent or sexual nature, and convictions for offences involving unlawfully supplying controlled drugs or substances where the conviction concerns commercial drug dealing or trafficking. Convictions that are spent (as defined by the Rehabilitation of Offenders Act 1972) are not considered to be relevant and you should not reveal them (however see next paragraph).

If you are applying for a programme in teaching, health, social work and/or any other programme or research involving work with children and/or vulnerable adults, you must tell us about all criminal convictions, including spent sentences, and cautions (including verbal cautions) and bindover orders. For those programmes, you may later be required to have an enhanced Criminal Records Bureau disclosure ([www.crb.gov.uk](http://www.crb.gov.uk)).

If you are serving a prison sentence at present, give the prison address as your correspondence address and obtain a reference from a senior prison officer to support your application. Applicants who declare a criminal conviction will not automatically be excluded from the application process but the University will activate the risk assessment process (details of which are available from the Admissions Service) and we will ask for further details before reaching a decision on your application.

If you are convicted of a relevant offence after you have applied, you must inform the Admissions Service immediately in order for the risk assessment process to be followed.

### **Note 15** Ethnic origin

The University is required by HESA (Higher Education Statistical Agency) to collect this information for statistical purposes. Information on ethnicity will not be used in reaching a decision on the outcome of your application, nor will HESA publish any personal information about you.
