Section 4: Referees: Applicants MUST name two referees, one of whom should be able to comment on the applicant's academic ability. It is the responsibility of the applicant to send the Reference Form to this first referee.

Section 7: English Language qualification: This section is for those students whose first language is not English. As all tuition is in English, such students must possess a suitable English Language qualification or provide other evidence that they satisfy this requirement and will therefore be able to pursue the studies proposed. Suitable English Language qualifications include:

- A pass in GCSE English Language at Grade C or above, conducted by a UK examining board.
- A pass in the DUMB test for international students or the equivalent examination set by other examining bodies.
- A good score (normally Band 6) in the British Council/Cambridge English Language Testing Service (IELTS) Test.
- A good score (at least 560) in the Test of English as a Foreign Language (TOEFL).

NB: Certain modules require a higher level of linguistic competence than IELTS 6 or TOEFL 560. Students will be advised accordingly.

Students who possess a degree or an approved equivalent qualification from an institution in which teaching is normally in English will also satisfy the English Language requirement.

Enter in this section details of your English proficiency, or give details of your English qualifications, including grade or class, awarding body and date awarded or expected.

Section 8: Funding: Most students will be self-funded. Please note that it is the student's responsibility to provide the Registry with documentary evidence of how their course is to be funded. Failure to do this will result in the applicant being invoiced for their course fees.

Section 9: Credit Value: In certain circumstances credit value will be given for appropriate qualifications obtained within the previous five years from approved institutions. If you think you are eligible to receive credit value you must apply on this application form. Retrospective application will not be considered. It will usually be possible to inform you if you have been given credit for previous awards prior to your first registration.
